

3rd CONGRESS OF THE ASSOCIATION OF ENDOSCOPIC SURGEONS OF BOSNIA & HERZEGOVINA

3. KONGRES ENDOSKOPSKIH HIRURGA BOSNE I HERCEGOVINE

1. KONGRES MEDICINSKIH SESTARA/TEHNICARA
ENDOSKOPSKE HIRURGIJE BOSNE I HERCEGOVINE

5th -7th September 2025 Sarajevo, Bosnia and Herzegovina

FINAL PROGRAM

3rd CONGRESS OF THE ASSOCIATION OF ENDOSCOPIC SURGEONS OF BOSNIA & HERZEGOVINA

3. KONGRES ENDOSKOPSKIH HIRURGA BOSNE I HERCEGOVINE

1. KONGRES MEDICINSKIH SESTARA/TEHNICARA
ENDOSKOPSKE HIRURGIJE BOSNE I HERCEGOVINE

5th - 7th September 2025 Sarajevo, Bosnia and Herzegovina

Dear Colleagues,

It is my honor and pleasure to invite you to the Third Congress of the Association of Endoscopic Surgeons of Bosnia and Herzegovina (AESBH), which will be held from 5th to 7th September, 2025 at the Holiday Movenpick, Sarajevo, under the auspices of the European Association of Endoscopic Surgeons.

The Association of Endoscopic Surgeons of Bosnia and Herzegovina was founded in 2018, and after a very successful congress in 2019, we began work to improve endoscopic surgery in Bosnia and Herzegovina.

We organized nine workshops for our members, in Travnik, Foca, Bijeljina, Doboj and Tuzla, with the aim of developing new methods and techniques. In two hospitals, laparoscopic treatment of inguinal hernia has become standard, colorectal surgery, endoscopic thoracic surgery has been improved. We sent close to 100 of our members for education and training in hospitals in Rijeka, Croatia, Ljubljana, Slovenia, Koc, Turkey and Winterthur, Switzerland.

This third congress is confirmation of our direction, because progress can be seen in endoscopic surgery in Bosnia and Herzegovina. With the help of our friends, invited lecturers, the congress is at an enviable level, and we hope that it will attract endoscopic surgeons from neighboring countries.

We invite you to our congress in Sarajevo, a city known for its beauty, a place where the traditional and the modern meet, a city and a country where cultural and religious diversity attracts visitors.

We hope you will be interested and come to our congress!

Samir Delibegovic
President of AESBH

Foreword by Prof. Nicole Bouvy, President of the European Association for Endoscopic Surgery (EAES)

It is my great pleasure to welcome all participants to this important meeting on Laparoscopic and Minimally Invasive Surgery, held at the Mövenpick Hotel in Sarajevo. Although I deeply regret that I am unable to join you in person, I am honored to share these words with you as President of the European Association for Endoscopic Surgery (EAES).

Under the dedicated leadership of Prof. Samir Delibegovic, this congress has grown into a key event for advancing minimally invasive surgical techniques in Bosnia and Herzegovina and the wider region. Prof. Delibegovic's tireless efforts and vision, combined with the support of the EAES, have made it possible to bring together leading experts from across Europe to share their knowledge and experience.

The EAES has proudly supported previous congresses in Sarajevo by facilitating the participation of distinguished speakers, and we are pleased to continue this collaboration. These meetings have not only contributed to education and innovation in surgical practice, but have also helped foster a strong and growing community of minimally invasive surgeons in your region. We are especially proud that AESBH now includes 136 EAES block members, and that nearly 100 surgeons have benefited from dedicated training and education initiatives of EAES.

EAES is committed to supporting excellence in surgical care, and I commend Prof. Delibegovic for his outstanding role in building a network of professionals who are passionate about advancing laparoscopic surgery. I encourage all participants to take full advantage of the rich scientific program, to actively engage in discussions, and to continue strengthening international collaboration. As EAES we would love to welcome you also as exchange fellows of our European Association for Endoscopic Surgery.

On behalf of EAES, I wish you a successful and inspiring congress.

Warm regards,

*Prof. Nicole Bouvy
President, EAES*

OPENING CEREMONY AND WELCOME

All delegates are cordially invited to enjoy the opening ceremony on Friday, 5th September at 19:30 in the Vijecnica (City Hall) in the old center of Sarajevo. After the opening ceremony, you are invited to the dinner at the Vijecnica (City Hall).

Vijecnica (st. Obala Kulina Bana)

TIME AND VENUE

The Third Congress of Endoscopic Surgeons of Bosnia and Herzegovina (AESBH) will be held in Sarajevo, Bosnia and Herzegovina, from Friday 5th to Sunday 7th September 2025. All scientific sessions and the commercial exhibition will be held at the Congress Center of the hotel Mövenpick.

REGISTRATION DESK

Friday 12:00-18:00

Saturday 08:00-18:00

Sunday 08:00-12:00

REGISTRATION OF PARTICIPANTS

CATEGORY	By 30.06.2025.	By 30.08.2025.	From 31.08.2025.
Active participant	50 Euros	100 Euros	150 Euros
Trainee	25 Euros	50 Euros	75 Euros

Registration is free for all Faculty of Medicine students

Payment of the registration fee must be made to the AESBH's bank account:

in local currency (BAM) B&ank account: UniCredit banka, account number:

3384402215395365.

or

in Euros: Beneficiary: Udruzenje endoskopskih hirurga u BiH,
Tuzla, Bosnia and Herzegovina

IBAN: BA393384404815400146 SWIFT: UNCRBA 22

The registration fee includes:

- Admission to all scientific sessions
- Admission to the opening ceremony and welcome reception - Friday 9th September
- Admission to the exhibition
- Printed material (Program book)
- Congress bag
- Certificate of attendance
- Coffee breaks
- Lunch

Registration is free for all Faculty of Medicine students

Guidelines for Presentation

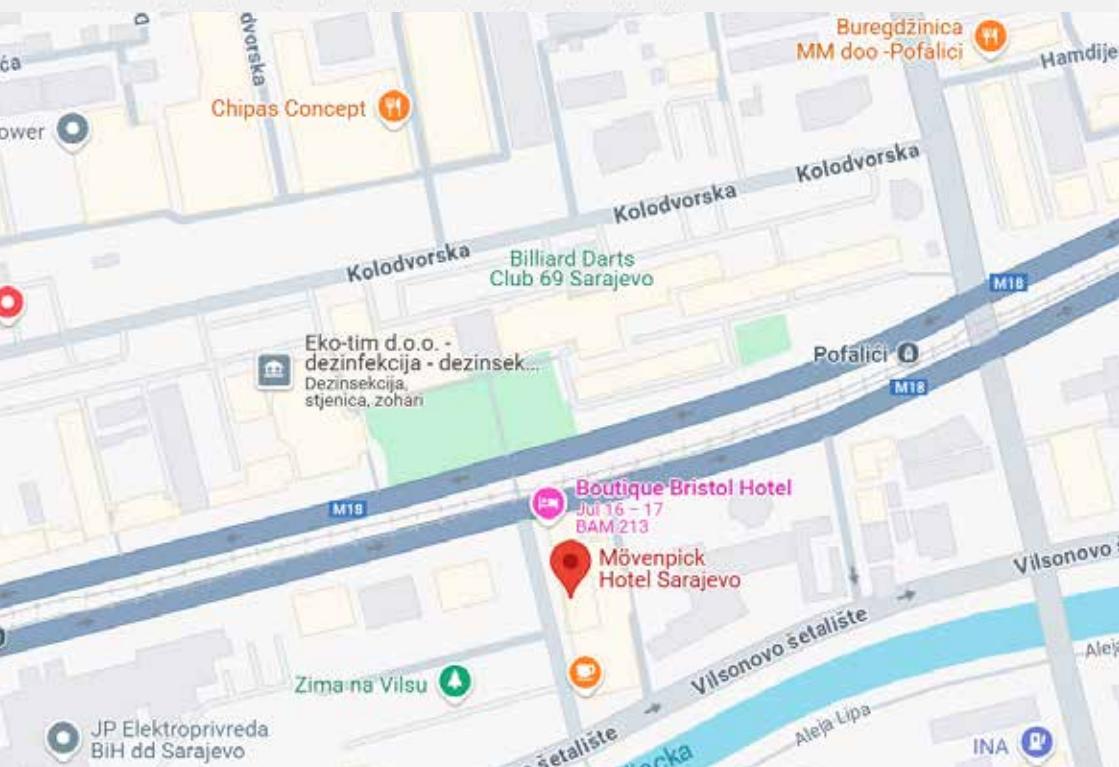

Ten minutes are allocated for oral presentations. Please do not overrun your time. Ten slides are usually enough! Discussion is planned at the end of the session.

Identification Badges

Name badges will be issued to all participants when they arrive at registration. Access to all scientific sessions will only be possible with your personal badge.

Certificate of Attendance

A certificate of attendance will be given to registered participants upon registration.

VENUE

Mövenpick Hotel Sarajevo, Congress Center
Fra Filipa Lastrića, 71000 Sarajevo
Bosnia and Herzegovina

IMPORTANT CONTACTS

Congress Secretariat

AESBH office
Trnovac bb, 75000 Tuzla
Bosnia and Herzegovina
Phone: +387 35 303 183

Email: aesbh2018@gmail.com

GETTING ABOUT

Accessibility

Airport: Sarajevo airport 8 km

Railway station: Sarajevo Railway station 1.5 km

Bus station: 0.7 km

Taxi: Approximate taxi cost from the airport to the Hotel is 20 Euros

How to get to the Mövenpick Hotel Sarajevo

By bus and tram, no. 31E, 103

By taxi: The price of the drive from the Old City to the Hotel ranges from 4 to 7 Euros.

Shopping hours

Shops are usually open from 10:00 to 20:00, but close on Sundays. The currency is the Bosnian Mark (BAM). Credit cards and bank cards are in common use.

Banks and exchange

Most banks in Sarajevo are open from Monday to Saturday, from 8:00 to 17:00. The currency in Bosnia and Herzegovina is the Bosnian Mark (BAM).

Congress fees and rates are charged in BAM and Euro.

Pharmacies

Pharmacies are generally open daily from 08:00-20:00.

Restaurants and hot food

Most restaurants in the city center are open daily.

Time zone

GMT/UTC +1

Climate

The area of Sarajevo is under the influence of a mild continental climate with temperature in September ranging from 13 to 23 degrees Celsius.

Insurance/Liability

The Third Congress of Endoscopic Surgeons of Bosnia and Herzegovina accepts no liability for personal injuries sustained, loss or damage of property belonging to Congress Participants, either unrelated to or as a result of the congress.

The congress organizers are not able to take any responsibility whatsoever for injury or damage to persons or property during the congress.

SCIENTIFIC PROGRAM CORE CONGRESS

Friday 5th through
Sunday 7th September 2025

OESOPHAGUS & GASTRIC

Chairmen: Adnan Sætрови, Zlatan Mehmedovic, Samir Muhovic

07:50-08:02 A Tailored Approach to Treating Giant Paraesophageal Hernias.
Milan Veselinovic, Serbia

08:04-08:16 Modern surgical antireflux therapy.
Ivan Kristo, Austria

08:18-08:30 Laparoscopic approach in Gastric GISTs - limits and technical variants Valeriu Surlin, Alexandru Gogănașu, Silviu Bordu, Romania

08:32-08:44 Evidence-based tactics for the prevention and treatment of bleeding after Sleeve Gastrectomy.
Francesco Maria Carrano, Italy

08:46-08:58 Esophageal Cancer: Where Are We Today?
Josip Pejic, Croatia

09:00-09:15 Discussion

COLORECTAL SURGERY I

Chairmen: Kenneth L Campbell, Ferdinando Agresta, Milan Todorovic

09:20-09:32 Transforming Colorectal Surgery: A Strategic Approach to Minimally Invasive Adoption.
Georgios Peros, Switzerland

09:34-09:46 How to train a modern colorectal surgeon.
Marc Coleman, UK

09:48-10:00 Will 3D Imaging Become Standard in Laparoscopic Surgery?
Marko Zelic, Croatia.

10:02-10:14 Laparoscopic colorectal surgery with ERAS protocol.
Lubomir Marko, Slovakia

10:16-10:28 Advantages of robotic technique in rectal cancer surgery.
Nader Francis, UK

10:30-10:42 Management of the malignant colorectal polyp –
How to make proper decision?
Marko Zelic, Croatia

10:44-11:00 Discussion

COLORECTAL SURGERY II

Chairmen: Marc Coleman, Michel Adamina, Mirhan Salihbasic

11:05-11:17 CME evidence in lap right hemicolectomy for colon cancer?
Kenneth L Campbell, UK

11:19-11:31 Splenic flexure mobilization: When and how.
Milan Todorovic, Bosnia and Herzegovina

11:33-11:45 Laparoscopic intersphincteric resection for low rectal cancer.
Igor Krdzic, Serbia

11:47-11:59 SNM in treatment of LARS.
Dorian Krsul, Croatia

12:01-12:13 The Role of Circumferential Margin in the Modern Treatment of Rectal cancer.
Zoran Radovanovic, Serbia

12:15-12:30 Discussion

COFFEE BREAK 12:30-13:00

COLORECTAL SURGERY III

Chairmen: Nader Francis, Georgios Peros, Ervin Matovic

13:00-13:12 Diverticulitis: what is going on!
Ferdinando Agresta, Italy

13:14-13:26 MIS in IBD.
Michel Adamina, Switzerland

13:28-13:40 Holistic approach to pelvic floor disorders.

Giulio A. Santoro, Italy

13:42-13:54 Complex perianal fistulas – how to avoid more damage?

Role of minimally invasive approach

Damir Kralovic, Croatia

13:56-14:08 Laparoscopic ventral rectopexy for rectal prolapse?!

Giulio A. Santoro, Italy

14:10-14:22 Urgent laparoscopic colostomy for advanced rectal cancer.

Enes Idrizovic, Bosnia and Herzegovina.

14:24-14:40 Discussion

LUNCH BREAK 14:45-15:45

LIVER & PANCREAS

Chairmen: Bjørn von Gohren Edwin, Igor Gavric, Zlatan Mehmedovic, Nenad Lalovic

15:45-15:57 Laparoscopic approach for liver tumors - is it worth the effort

– University Hospital Rijeka experience.

Ante Jerkovic, Croatia

15:59-16:11 Local ablation for colorectal metastasis. Valuable option

Bjørn von Gohren Edwin, Norway

16:13-16:25 Strategies for Open or Laparoscopic Treatment of Liver Echinococcosis.

Senol Tahir, North Macedonia

16:27-16:39 Robotic surgery in pancreatic adenocarcinoma

Miha Petric, Slovenia

16:41-16:53 Laparoscopic pancreas resection, how we are doing that.

Samir Muhovic, Bosnia and Herzegovina

16:55-17:10 Discussion

HERNIA

Chairmen: Ferdinando Agresta, Amila Husic, Elvir Besic

17:15-17:27 Laparoscopic approach for inguinal hernias: what is going on?
Ferdinando Agresta, Italy

17:29-17:41 Does anatomical doubts still affect the delayed implementation of TEP procedure.
Bojan Radovanic, Serbia

17:43-17:55 Innovative Mesh Placement in Laparoscopic Bilateral TEP Hernia Repair.
Chi-Chuan Yeh, Taiwan

17:57-18:09 TAPP. How I introduced this method in a small community hospital?
Bakir Helic, Bosnia and Herzegovina

18:11-18:23 TAPP. Critical view of the myopectineal orifice.
Biljana Mujovic, Amila Husic, Bosnia and Herzegovina

18:25-18:37 eTEP procedure for ventral hernias in general hospital.
Milan Todorovic, Bosnia and Herzegovina

18:39-18:51 Repairing Incisional Hernias with eMILOS
(Endoscopic Mini – or Less-Open Sublay Operation).
Chi-Chuan Yeh, Taiwan

18:53-19:10 Discussion

GYNECOLOGIC SURGERY & UROLOGY

Chairmen: Naima Imsirija, Mustafa Bazardzanovic, Erdem Canda

08:00-08:12 Avoiding and Dealing with the Complications of Laparoscopy".
Uzeyir Kalkan, Türkiye

08:14-08:26 Minimally invasive surgery for deep pelvic endometriosis.
Experience of Croatian Referral center.
Mario Coric, Marko Jakov, Croatia

08:28-08:40 Laparoscopic pelvic organ prolapse repair techniques.
Serdar Aydin, Türkiye

08:42-08:54 Laparoscopic lateral suspension (Dubuisson) in the
treatment of pelvic organ prolapse
Ajla Hadzimailovic Ajdin, Mirna Rakocevic-Selimovic, Naima Imsirija,
Senad Habibovic, Edin Idrizbegovic, Mohammad Abou El Ardat,
Nedim Galijasevic, Bosnia and Herzegovina

08:56-09:08 Laparoscopic nephrectomy without occlusion of renal artery.
Mustafa Bazardzanovic, Bosnia and Herzegovina

09:10-09:22 Center for prostate and robotic radical
prostatectomy at UCC Zagreb.
Tomislav Kulis, Croatia

09:24-09:36 New technologies in robotic prostate cancer surgery.
Erdem Canda, Türkiye

09:38-10:07 Discussion

THORACIC SURGEY I

Chairmen: Marko Kantar, Alen Pilav, Alma Alihodzic-Pasalic

10:12-10:24 Who makes a better surgeon:

Mentor or application?

Tomaz Stupnik, Slovenia

10:26-10:38 3D modelling in lung segmentectomies.

Igor Säftic, UK

10:40-10:52 The role of thoracic surgeon in MDT-who will need neoadjuvant treatment?

Ljubinko Djenic, Nebojsa Maric, Serbia

10:54-11:06 MIS for mediastinal masses.

Zafer Dokumcu, Türkiye

11:08-11:20 Fissureless Uniportal anatomical resections as a novelty in

minimally invasive operative technique.

Orhan Custovic, Kenan Kadic, Ademir Hadzismajlovic,

Alma Alihodzic-Pasalic, Meho Dapcevic, Bosnia and Herzegovina

11:22-11:34 Advantages of the UNIPORTAL technique compared to

conventional surgical approaches.

Meho Dapcevic, Ademir Hadzismajlovic, Alma Alihodzic-Pasalic,

Kenan Kadic, Orhan Custovic, Erna Dzinic, Bosnia and Herzegovina

11:36-11:48 Complications and early readmission after VATS lobectomy.

Ivan Kuhajda, Serbia

11:50-12:02 VATS in the surgical approach to thymus.

Marko Kantar, Bosnia and Herzegovina

12:04-12:30 Discussion

COFFEE BREAK 12:30-13:00

THORACIC SURGEY II

Chairmen: Igor Saftic, Ljubinko Djenic, Orhan Custovic

13:00-13:12 VATS in the surgical approach to thymus.
Marko Kantar, Bosnia and Herzegovina

13:14-13:26 Pectus Excavatum: Are We Doing Enough for These Patients?
Josip Pejic, Croatia

13:28-13:40 Influence of psychosocial characteristics of patients and opinions of their relatives on surgical treatment of pectus excavatum deformity?
Marko Kostic, Serbia.

13:42-13:54 Uniportal robotic assisted thoracic surgery using the Xi system.
Diego Rivas, Spain.

13:56-14:30 Discussion

LUNCH BREAK 15:30-16:00

POSTER SESSION

Chairmen: Salko Pasovic, Bakir Helic, Samir Delibegovic

16:00-16:10 Comparison of laparoscopic and open technique in the surgical treatment of complicated appendicitis
Adnan Kulo, Adna Hodzic, Salem Bajramagic, Ramajana Sukic-Karalic, Lana Sarajlic, Samir Muhovic, Diela Kulo, Sandin Holjan, Bisera Salman, Kemal Besirovic, Bosnia and Herzegovina

16:12-16:22 Laparoscopic management of splenic aneurysm
Holjan Sandin, Adi Mulabdic, Adnan Kulo, Adnan Dizdarevic, Samir Muhovic, Adna Hodzic, Salem Bajramagic, Bosnia and Herzegovina

16:24-16:40 Discussion

PEDIATRIC MINIMALLY INVASIVE ABDOMINAL SURGERY (UPPER ABDOMEN)

Chairmen: Orkhan Ergün, Marko Mesic, Radoica Jokic, Zenon Pogorelic

08:00-08:12 Minimally invasive management of choledocal cysts.
Orkhan Ergün, Türkiye

08:14-08:26 What is new in surgical management of hepatoblastoma
Orkhan Ergün, Türkiye

08:28-08:40 Laparoscopy of the upper abdomen in children
- experiences of the Clinic for Children's Diseases.
Marko Mesic, Croatia

08:42-08:54 Laparoscopic pyloromyotomy for primary and
recurrent hypertrophic pyloric stenosis in children:
pitfalls, tips and tricks.
Emir Haxhija, Austria

08:56-09:08 Diagnostic and Treatment Dilemma in Case of a Wandering Spleen
Radoica Jokic, Serbia

09:10-09:22 Laparoscopic Management of Benign Splenic Cysts in Children:
Partial Splenectomy vs. Deroofing.
Zenon Pogorelic, Croatia

09:24-09:36 Predicting the Storm: Identifying Risk Factors and Strategic
Approaches for Difficult Laparoscopic Cholecystectomy.
Kastriot Haxhirexha, Agron Dogjani, Gjergji Andrea, Petrit Biberaj,
Gazmend Zeqiri, Ferizat Haxhirexha, Aferdita Ademi, North Macedonia

09:38-09:50 Concerns after laparoscopic cholecystectomy: A Comprehensive Review
of Clinical Caveats, Complications, and Management Strategies
Aferdita Ademi, Ferizat Haxhirexha, Petrit Biberaj,
Florin Deari, Blerim Fejzuli, North Macedonia

09:52-10:10 Discussion

PEDIATRIC MINIMALLY INVASIVE ABDOMINAL SURGERY (LOWER ABDOMEN)

Chairmen: Emir Haxhija, Dariusz Patkowski, Zlatan Zvizdic, Asmir Jonuzi

10:15-10:27 Laparoscopic approach to ovarian pathology in children and adolescent
Emir Haxhija, Austria

10:29-10:39 Same-Day Discharge after Laparoscopic Appendectomy for
Simple Appendicitis in Pediatric Patients-Is It Possible?
Miro Jukic, Croatia

10:41-10:51 In Vivo Measurements of Appendiceal Base – Implications on
Pediatric Laparoscopic Appendectomy
Sanimir Sujendic, Edin Husaric, Amir Halilbasic, Bosnia and Herzegovina

10:53-11:03 Appendicitis in a patient with Kartagener's syndrome
Petar Rasic, David Pavicevic, Tanja Miovic, Olivera Stefanovic,
Maja Milickovic, Serbia

11:05-11:15 Discussion

NEONATAL MINIMALLY INVASIVE SURGERY

Chairmen: Dariusz Patkowski, Zafer Dokumcu, Marko Marjanovic, Emir Milisic

11:20-11:32 Thoracoscopy for esophageal Atresia why does it matter?
Dariusz Patkowski, Poland

11:34-11:46 Internal traction for long gap thoracoscopic esophageal atresia repair
Dariusz Patkowski, Poland

11:48-12:00 Update on management of esophageal atresia and its complications
Zafer Dokumcu, Turkiye

12:02-12:14 MIS for esophageal replacement
Zafer Dokumcu, Turkiye

12:16-12:28 Laparoscopic management of anorectal malformation
Orkun Ergun, Turkiye

12:30-12:45 Discussion

COFFEE BREAK 12:45-13:00

PEDIATRIC MIS AND ROBOTIC SURGERY

Chairmen: Naved Alizai, Ana Ruzic – Do, Ksia Amine, Ante Kvesic

13:00-13:12 Paediatric Robotic Surgery: Friend or Foe
Naved Alizai, UK

13:14-13:26 Strategies for MIS skill development in surgical trainees:
From novice to independent surgeon
Ana Ruzic - Do, USA

13:28-13:40 Characteristics of Pediatric Laparoscopic Surgery
Marko Marjanovic, Serbia

13:42-13:54 MIS for hydatid disease in children
Ksia Amine, Tunis

13:56-14:08 MIS in pediatric surgery. Current situation in
Libya and perspectives
Youssef Kryem, Libya.

14:10-14:12 Minimally Invasive Surgery in Pediatric surgery:
Benefits, Applications, and the Importance of MIS
Esma Sehovic-Kecik, Türkiye

14:14-14:26 Peculiarities of Pediatric Laparoscopy
Jozef Macec, Slovenia

14:28-14:38 Laparoscopy in children: single center experience
Aleksandar Brkovic, Bosnia and Herzegovina

14:40-14:50 Port Site Infections: Pathogenesis and
Evidence-Based Approaches to Prevention
Petrit Biberaj, Kastriot Haxhirexha, Aferdita Ademi, North Macedonia

14:52-15:02 Anesthesiological approach in pediatric surgery, our experiences.
Amira Mesic, Bosnia and Herzegovina

15:04-15:14 HeartBeat4Children: Advancing Surgical Care for Children in Need
Edin Omerbasic, Sweden

15:16-15:30 Discussion

LUNCH BREAK 15:30-16:00

THORACIC PEDIATRIC SURGERY

Chairmen: Jürgen Schleef, Zäfer Dokumcu, Edin Omerbasic, Kenan Käravdic

16:00-16:12 Technical aspects in Mini-invasive lung surgery.
Jürgen Schleef, Italy

16:14-16:26 MIS Lung resections.
Zäfer Dokumcu, Türkiye

16:28-16:40 Right Horizontal Mini-Thoracotomy in Pediatric Cardiac Surgery
Edin Omerbasic, Sweden

16:42-16:54 Robotic thoracic surgery in children.
Zäfer Dokumcu, Türkiye

16:56-17:08 Complications of foreign bodies
in the pediatric respiratory tract
Jamshid Shamsiyev, Rustam Shamsiev, Jäsur Ruziyev, Uzbekistan

17:10-17:22 Surgical management strategy for esophageal burns in children
Jamshid Shamsiyev, Shokhzod Shamsiyev,
Saodat Igamova, Abdukodir Shahriyev, Uzbekistan

17:24-17:40 Discussion

PEDIATRIC MINIMAL INVASIVE UROLOGY

Chairmen: Ali Tekin, Robert Kordic, Predrag Ilic, Dritan Alushani

08:00-08:12 Retrograde Intrarenal Surgery,
Percutaneous Nephrolithotomy and ureterorenoscopy.
Ali Tekin, Türkiye

08:14-08:26 Robotic surgery in Pediatric Urology
Ali Tekin, Türkiye

08:28-08:40 Management of non-palpable testis in children
Robert Kordic, Slovenia

08:42-08:54 Minimally invasive treatment of primary obstructive megaureter
Ana Bosak Versic, Croatia

08:56-09:08 Posterior urethral valves. Challenges of treatment in severe cases
Dritan Alushani, Albania

09:10-09:22 Endoscopic Treatment of High Grade Vesicoureteral Reflux in Children.
Predrag Ilic, Serbia

09:24-09:36 Transabdominal laparoscopic pyeloplasty in children
– is it feasible in low volume center?
Nikica Lesjak, Croatia

09:38-09:50 Endoscopic treatment of vesicoureteral reflux in children.
Selami Sözbir, Türkiye

09:52-10:04 Leserefenestration of ureterocele – when the size
doesn't matter and VUR is not an issue
Nikica Lesjak, Croatia

10:06-10:20 Discussion

POSTER SESSION

Chairmen: Jamshid Shamsiyev, Youssef Kryem,
Alena Firdus, Aleksandar Brkovic, Azra Karamustafic

10:25-10:35 The influence of conversion of operative technique on
anesthesia, case report
Elma Becic, Bosnia and Herzegovina

10:36-10:46 Minimally invasive elective surgery in pediatrics
Jamshid Shamsiyev, Rustam Shamsiev, Uzbekistan
